

ENTERPRISE CIRCLES™ FOR WOMEN STARTING UP IN BUSINESS

What is this programme about?

Enterprise Circles™ are a great opportunity for you if you are planning to set up in business in the next 6 months. Our circles are led by experienced businesswomen, who have trained to Masters level (or have equivalent experience) in group facilitation and action learning. Circles are made up of 4-5 women entrepreneurs who will support you on your journey to setting up your business and achieving your goals.

How will I benefit?

Mentoring has been proven to be a very effective tool for women to gain the skills and confidence necessary to set up their business.

Past mentees who participated in our Enterprise Circles™ have:

- Made tangible progress in setting up their business
- Planned and achieved targets and goals
- Learned from others who are more experienced in business
- Increased their self confidence and their self awareness
- Developed new networks of business contacts
- Enhanced their communication and negotiation skills

At the end of the Enterprise Circles™ programme you will have developed a larger support network along with crucial self-development and greater confidence to help you take the next step to business start up.

How much does it cost?

This programme is funded by BiG and so is free of charge to eligible women.

When / where do the circles meet?

Circles meet 3 times for 2-3 hours during a 4-6 month period. Dates, times and venues of meetings depend on the schedules and locations of circle members.

How do I join?

In order to join an Enterprise Circle™ you must be planning to set up in business in the next 6 months and you must feel that you will benefit from this programme.
